

# Where *Nature* Meets Precision

Your end-to-end partner for premium herbal tea sourcing, formulation, and packaging — empowering brands to thrive in the global wellness market.

## WHO WE ARE

### One-Stop Herbal Solution

HNCO Infusions is a multi-category foods & wellness solutions partner offering end-to-end services across the herbal tea value chain — from farm to final packaging. We seamlessly integrate production, formulation, and promotion so your brand can focus on what it does best: growing.

## OUR PROMISE

### Quality You Can Taste

Every herb in our catalogue is carefully dried, graded, and cut to exacting specifications — Whole, Course Cut (3–5 mm), or our signature TBC Fine Cut (0.5–2 mm). All products are fully traceable, certified, and ready for private-label or white-label partnerships worldwide.

With over 50 ingredients spanning flowers, roots, seeds, fruits, and Ayurvedic herbs, we offer unmatched variety under a single, trusted supplier relationship.

#### Premium Sourcing

Direct from carefully vetted farms and growers across India — fresh, potent, traceable.

#### Precise Packaging

Three standard cut sizes tailored for tea bags, loose-leaf, and bulk industrial formats.

#### Brand Partnership

Private-label formulation, co-branding, and go-to-market support for growing tea brands.

# Our Ingredients
